

B-211

B-211
25W

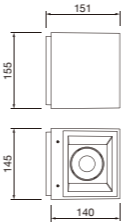

简述 Description

- 铝压铸盖帽，铝合金拉伸灯体，可根据需要截取不同高度
- 超白丝印钢化玻璃，具有高视觉舒适性和均匀配光，出光角可以选
- 防紫外线聚氨酯塑粉喷涂表面，耐腐蚀可以达1000小时以上
- 无生物蓝光危害风险，符合EN62471: 2008 标准
- 灯具表面最高温度不超过50度，安全可靠

- Aluminum die casting cover, extruded aluminum alloy body, it can be cut different heights.
- Super white screen printing tempered glass. with high visual comfort light distribution, different optical be option.
- Surface anti-ultraviolet pure polyester powder painting, Corrosion resistance can be more than 1000 hours.
- No photo-biological risk, in accordance with EN 62471:2008.
- The maximum surface temperature of all accessible part under 50 degrees for safety and reliable.
